FACT SHEET

- Proprietor/Chef: Howard Bulka
 - What is Artisan Pizza? *The pizza arrives still steaming from the oven. The crust is super thin, with a black blistered crown, it is chewy and crisp all at once. The aroma of garlic and basil is dreamy. The soft, milky richness of the mozzarella yields to the sweet and sour finish of a fine sauce made from tomatoes, a touch of oregano, marjoram and good olive oil. The sausage is spicy but not too much, sweet but just a little, juicy and full of flavor with a licorice hint of fennel seed. Each bites sings. Each ingredient tastes so much like what it is. The flavors, so well balanced that even the subtle sour of the dough comes through. The textures are a riot of soft, crisp and everything in-between. It's just may be the best pizza you've ever had. This, my friends, is Artisan Pizza! ... Chef Howard Bulka*
